

Purple Paw Mobile Spa

All dogs must have current Rabies vaccination from a veterinarian on file, Purple Paw Mobile Spa recommends that dogs should also be vaccinated for Distemper/Parvo and Bordetella. Please talk to your vet for more information on these vaccines.

Aggressive or Dangerous Pets:

Owners MUST inform Purple Paw Mobile Spa if your pet bites, has bitten, or is aggressive to people, other pets or specific grooming procedures. Muzzles may be used if necessary. Muzzling will not harm your pet and protects both the pet and the groomer. We reserve the right to refuse/stop services for such pets at any time before or during the grooming process and charge an Aggressive Dog Fee in addition to the regular grooming charge.

Health or Medical Problems & Senior Pets: Grooming procedures can sometimes be stressful, especially for a senior pet or pet with health problems and can expose hidden medical problems or aggravate a current one during or after the groom. Because senior pets and pets with health problems have a greater chance of injury, these pets will be groomed for cleanliness and comfort, in styles that will not add to their stress. In the best interest of your pet this contract/agreement will give Purple Paw Mobile Spa permission to obtain immediate veterinary treatment for your pet should it be deemed necessary. We will do our best to contact you first, if contact cannot be made, we will take your pet to your authorized vet or to the nearest vet that is available. It is agreed that all expenses for veterinary care will be covered by the pet's owner upon signing this contract/agreement.

Mat Removal:

Pets with matted coats need extra attention during their grooming session. Mats left in a pet's coat only grow tighter, and can strangle the pet's skin, or eventually tear it open. Purple Paw Mobile Spa does not wish to cause serious or undue stress to your pet and will not continually de-mat your pet for you. Mats can be very difficult to remove and may require the pet to be shaved. Removing a heavily matted coat includes risks of nicks, cuts or abrasions due to warts, moles or skin folds trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing mold, fungus or bacteria to grow, causing skin irritations that existed prior to the grooming process. Torn skin from mats can also harbor maggots. After effects of mat removal procedures can include itchiness, skin redness, self-inflicted irritations or abrasions and failure of the hair to re-grow. Shaved pets are also prone to sunburn. In some cases, pets may also exhibit brief behavioral changes. Prevention is the best defense against matting by scheduling regular grooming appointments. There will be an extra charge for mat removal.

Accidents:

There is always the possibility an accident could occur. Grooming equipment is sharp, even though we use extreme caution and care in all situations, possible problems could occur including cuts, nicks, scratches, kwiking of nails, etc. In most cases this can happen when a pet is wiggling or moving around. If you arrive to pick up your pet and he/she is still being groomed, please do NOT talk to or allow your pet to see you. Sit quietly, or step outside for a few moments.

Every effort will be made to ensure your pet is groomed as safely as possible, but an excited pet can be dangerous to continue to work on.

Parasites:

If you suspect your pet has fleas or ticks, prompt and thorough action on YOUR part is needed. Flea infestations can lead to tapeworm and other health problems. If fleas or ticks are found during the grooming process, your pet will be treated with a natural product to kill the parasites and additional charges will apply. Please note we will not use pesticide dips or sprays on your pet. Ticks found will be removed for an additional charge. If ticks are found, we strongly suggest you have your pet tested for Lyme Disease. Please note that parasites are a health hazard to your pet as well as to humans.

Additional Services:

- If necessary Anal Glands will be expressed with every Bath or Full-Service Groom. Please note that we are not a veterinarian and will only do exterior anal gland expression. You may still need to take your pet to a vet if problems are still occurring for internal expression.
- Nail grinding and nail painting may be requested with a groom for an additional \$5 charge for each paw.
- Teeth cleaning will be done with a full-service groom. This is not a deep teeth cleaning and is only used as prevention for tooth decay with additional brushing at home.
